2020 Eastern District High School Physical Education Teacher of the Year

National Standard(s)

Grade Level Outcome of Performance Indicator

Activity Objective

The Needs Assessment Survey is a tool for educators to use in order to gain information about their students in a remote/virtual setting. The survey asks students a myriad of questions pertaining to their “at home” work environment for school; access to resources/equipment for physical activity; technology strengths and needs; and an opportunity to share any information either on the form or to set up a 1:1 meeting to discuss any personal questions or concerns.

Grade(s)

High school
